LOCAL BREVITIES.

-City property for sale by McCague List on third page. -Bock beer day approaches,

-The weather has moderated not a little since Monday.

-The telegraph line of the Missouri Pacific has reached as far as Dunbar on its way to Omaha.

-The band connected with Madame Rentz's minstrel company made a creditable street parade at noon vesterday.

-The Legion of Honor is trying to in crease its numbers in this state sufficiently to obtain a grand council of its own.

-The work of laying iron on the completed thirty-nine miles of the Mis souri Pacific begins at each end to-day. -Eight cars of cattle were taken out

over the Rock Island Monday evening, belonging to L. Anderson & Co., of Colum--The box car burned Monday is sup-posed to have been fired by tramps, who

ought to have been "fired" out of town -The case against D. B. Shepard. charged with threatening the life of John

-The Tenth street grading has been completed by Luke McDermot, and the curbing and guttering will be finished early

O'Connell, came up in police court yester-

mext month. -About 300 visitors are expected to attend the Odd Fellows' celebration from Council Bluffs. They will return at 3 a m. Thursday on a special train.

-The entire main line of the Union Pa cific and 6384 miles of the Kansas division have been laid with steel rails, entirely replacing those formerly in use.

The grand parade and festivities laid out by the Odd Fellows for to-day, to ebrate the sixty-ninth anniversary will make the day a big one in Omaha.

—A dispatch from Washington

erday says the Nebraska National ank of Omaha, capital \$250,000, was yester say authorized by the comptroller to commence business. -There will be a special meeting of the

Omaha fire department at Firemen's hall, at 7:30 p. m., on Wednesday, for the transaction of important business. By order of Frank P. Hanlon, president.

-A special meeting of the waterworks and sewerage committee of the city council will be held at 7:30 this evening, to bonsider the bids for constructing the North Omaha sewer.

-- The receipts of the late fair for St. Joseph's hospital will probably exceed \$5,000, and with \$2,000 or \$3,000 available funds from outside subscription, the building of the new addition is probably amply secured.

-A private reception will be tendered Misses Pauline and Julia Prince, at Standard hall, on Friday evening, April 28th. These ladies lately arrived with their father from New York city to make their home with their brother, Mr. Sol. Prince, of this city.

-The thermometer at Max Meyer & Bro's, the jewelers and opticians, from 12 m, Monday until 12 m. yesterday, indicated the following: 12 m., 50'; 2 p. m. 50'; 7p. m., 54'; 9 p. m, 50"; 7 a.m., 48"; 10 a. m., 92'; 12 m., 68'; 2 p. m., 66'. -Morris Sullivan, a member of the

Omaha police force for the past year, and both a good officer and perfect gentleman, has just returned from Washington City, with a commission as route agent on the Union Pacific. He is a good man in any field of work.

-A. J. Poppleton received Monday from Kentucky a three-year-old stallion colt, which, in breeding and individual merit, probably has no superior in the west. He is by Alexander's "Harold," sire of "Maud S," out of "Miss Duvall, by Duvall's Mambrino. He was bred by R. P. Pepper, of Frankfort, Ky. He is named "Zulu," and is numbered 126 in his catalogue for 1882.

-That popular organization, the Omah glee club, have received a proposition to sing in a few days at an entertainment to be given in Dohany's opera house, Council Bluffs, by the Robert Raikes club. The secretary, Mr. Al. Morris, is now in correspondence with the secretary of that club. If the entire organization should ence with the secretary of that not go it is likely that the boys will send over a double quartette.

-The proprietor of the Fertilizing works informs us that the mortality among horses in this city for the past three months has been very great as he has re-ceived nearly fifty dead horses in that time. Three were brought yesterday, two having died natural deaths and one having falled into a ditch last night and having to be killed. As no statistics are at hand as to the equine population of this city the death rate per thousand cannot be given, but it must certainly be very heavy.

-Addie B. Washingt n has filed a petition in the office of the clerk of the dis-trict court, in which she swears that on the 12th day of April, 1882, Thomas Mur-the greatest blessing ever conferred ray did unlawfull make an assault upon her, and did then and there beat, wound and ill-treat her until she was damaged to the extent of \$2,000, and for this sum she prays judgment of the court. She prososes to teach Mr. Murray that he cannot with impunity sully the proud name of the

The arrest of Esau Harris, the man harged with ditching a Union Pacific freight train at Shelton station some months ago, has already been chronicled. It will be remembered that the train was thrown off the track by means of a "wheel rubber." which was taken from a section house near by and the suspicion of the officers of the road fixed the crime on Harris, a discharged section foreman, out on his former employers. The injuries received by the engineer and brakemen, as well as the loss in damages to the train and its load of cattle. made the company particularly anxious secure the wrecker.

Mr. Arthur Wood, of Pinkerton's detectives, effected the capture. Since the accident Wood has been following his man. He has worked in the stone quarries, he dressed in rough clothes e cultivated the acquaintance of his family, and finally effected his capture with the help of Superintendent J. T. Clark, of the Union Pacific road, and Allen Pinkerton and W. A. Pinkerton, who took a great interest in the

Mr. Wood had made the acquain tance of Harris' wife and brother, and upon his information and the instructions of Superintendent Warner, of the Pinkerton force, proceeded at once to Longment. Here he obtained work in a quarry, belonging to Grib Evans, and became well acquainted with Harris. As a fellow workman he was intrusted by Harris' family with their secrets and learned from their own lips that Harris had ditched the train to revenge himself on the company. He threw the engine from the track by placing a car wheel rubber on the rail, holding it in position by driving a rod, which he had attached to it, into the ground. The intention was to wreck the passenger train, but, fortunately, the freight train that night came ahead of the

After following this man to Longmont, Wood worked first in a black-smith shop. At this time he met Harris' wife and brother, and on the information thus obtained transferred his allegiance to the quarry. The quarry was fifteen miles west of Long-There he met Harris and ob tained the whole story.

The railroad officials now think

they have a sure case against Harris. Constable Edgerton, of this city, who went to Colorado last Friday, will bring Harris back to Nebraska for trial.

DEATH BY THE TON.

Unnatural death is always a terrifather of the Pinneo girls, who are ble thing, at least to all except a rewell known all over the land as dar- porter, and it staggers him when it ing equestriennes, arrived in the city comes too thick. As a usual thing, a Mr. Pinneo is quite a young upon twenty tons of death at once, looking man and a fine specimen and the sight of four hundred corpses night and all from the same cause, is enough to give one a paralytic stroke. That is what a reporter saw yesterday who will once more enter the field in which she has already acquired a national reputation. Her father reports her as in fine condition for the

owners.

ANOTHER TRIAL.

You are invited to attend the annual shearing festival of the Southern Miss Burke, and he will not allow her Nebraska Wool Growers and Sheep Breeders' association, to be held at Beatrice, Neb., Thursday, May 4th,

The committee in charge have made panies, to all persons attending the festival, at one and one-fourth fare, and from the great interest manufactor. it is safe to say that the exhibition of this year will excel all others.

The shearing will begin on the after noon of Wednesday, closing at one o'clock on the following day, after which will be held the exercises at the opera house, consisting of dinner, speeches, music, etc.

More Special Trains. Attached to train No. 3, bound yesterday, was the special car of the New York, Pennsylvania & Ohio road with General Superintendent Cooper and party of ladies and gentlemen on board, en route to California. They came in from the east this morning and drove about the city in carriages until time for the train to

leave. Special No. 3, U. P., also left at noon for California, to return with S. H. H. Clark, general manager, in a few days.

The special car of the Utah Central left the party who went east in it at A. C. Dawes, ANDY BORDEN, the transfer last night and returns at G. P. & T. A. Agen once to Salt Lake city.

-A couple of valise thieves were ar rested yesterday, the grip sack being stolen some days ago from an east-bound passenger at the U. P. depot. A portion of the goods were recovered.

-Two men went down to the notorisus old Bellevue house, on Dodge street, Mon- heard of the West Point Match facday, and one of them raisad quite a racket. The latter is a somewhat unusual move and arises from the claim of the detendant's attorney, Mr. O'Connor, that in the examination of the witnesses in the taken by congress on the bill which, case, no venue was proven, that is, it was among other things, proposes to abolnot shown that the defendant was drunk ish the revenue tax on matches. Heretofore a two cent stamp was required for each box made, or at the rate of one cent per hundred- This tax was greater than the cost of the manufacture as good matches can be made for less than two cents per box. The old law discriminates in favor of a few big concerns which have a big capital to work on, and under the provisions of the act, being able to purchase stamps at ten per cent. off by taking one thousand at a time, and when tkken in large quantities get-ting them at still a better advantage, enabling them to become monopolies in the strongest sense of the word and drive all the small fry out of the

The fact is that but little capital is required in this work, and the labor is about all that is costs. Mr. Adamec is a practical workman, having been in the business in the old country and in America. His whole family are skilled in the trade, and he can compete with any manufacturers if placed on the same footing. He does not ask for the organiza-

tion of a stock company, nor for any bonus whatever, but will go to work at first on a small scale and enlarge as he may be able to do so, or by the fa-vorable action of the present Congress in the direction mentioned. In this attempt to build up the business in Omaha, he should at least be given the heartiest encouragement and support of all.

The Proportion of Assessments in the

City Supurbs. In our last article we made a show ing of the unequal and low assessment of property, about one-half a mile from the business portion of the city and extending from Dodge street, on the north, to Leavenworth street, on the south. We will now go out a little farther

and commence with block 11, Kountze & Ruth's addition. Here we find lot 6, which sold in June 1881 for \$575, assessed at \$100, and lot 16 in same block, which sold March, 1879, for \$400, and has since been improved assessed at \$150. Lot 23, block 27, and lot 7, block 12, are assessed at \$150, and were sold last March for \$1,350. Lot

Lot 2, block 4, is assessed at \$150 and was sold in June 1881, for \$800, and again in March, 1882, for \$1,000. We would like to call the attention of Assessor Mount to the above property, which is a fair sample of the 1881 assessment in the Fourth precinct.

In Keye's sub-division of Capitol An elegant Haviland China dinner addition, the east five feet of lot 10 one hundred and thirteen and the west half of lot 11, with impieces, also a complete solid silver provements, was sold January, 1882, table service were presented by his for \$2,000, and is assessed railroad and telegraphic friends of at \$500. Lot 19, sold March, Omaha and the Union Pacific rail- 1880, for \$950, and is assessed a \$150, and all property in this tract is assessed equally as low as that de-

scribed. Perkins' subdivision of lot 5, Capi tol addition contains 13 acres, and was from Omaha direct WITHOUT CHANGE assessed at \$10,000, and the aggregate to all points East, South and West. sales from the same within the past year is about \$30,000, with a number of lots yet unsold. In Henry and Shelton's addition

east of the above, are lots that sold since last January for \$1,800, assessed at \$350, and an improved lot that sold in May, 1880, for \$3,300, is assessed at \$800. Shelton's double brick residence, assessed at \$2,000, is worth at least \$10,000, and all other improved property in said addition is

assessed in the same proportion.

In Reed's addition, lots that sold in April, 1881, for \$3,000 were assessed in the same month for \$550, and a lot that sold in August, 1881, for \$625 is assessed at \$100. We oc casionally find a lot here that is assessed at about one-half of its market value, but as a general thing it is nearer one-tenth than one-quarter.

Tuesday's Meeting of the Board of Managers,

The meeting was called to order as a. m. at the Withnell house. Mem bers present: McIntyre, Kent, McBride, Furnas, Greenwell, Dunham Hartman; W. S. Crosby acting as sec retary in the absence of Mr. Wheeler On motion of Mr. McBride the question of reinstating "Alarm" was laid over.

A proposition was received from Prof. George B. Lane, and accepted by the board, offering a special premium for drawing and penmanship, as follows For best drawing in designing, \$5 Best specimen of penmanship, \$5.
The board passed a resolution
offering \$15 in addition, as follows: For best free-hand drawing, copying, \$5; best neat drawing in pencil, \$5; best mapdrawing in ink, \$5. Contestants must be members of some public school in the state. The report of the committee of the hortiticultural society on the premium list was received and adopted. The list of last year is embodied, premiums being added for displays at the winter meeting to be held in January, 1883.

The board offer \$1,500 in purses for speed premiums, and voted to add

the entrance money in each race. The meeting adjourned subject to the call of the president. The board visited the fair grounds and examined the condition of the buildings and other property.
